Free Font Terms of Use
Free Font End User License Agreement:

1.) This font is free for personal use.

2.) The distribution of this source for financial gain or
profit is not allowed under any circumstances and is
strictly forbidden. Do not add this font to a font CD or
on any device that supports or compiles and / or files to be sold with or without generating profit.

Basically, don't sell this font and don't do things
that must be sold with this font ... It's free for personal use
only. Commercial use requires the user to obtain a
Commercial source end user license. A commercial source
The end user license is granted after a payment to galdinocartum@gmail.com through PayPal. More details contact: galdinocartum@gmail.com.

Any printed digital or physical (analog) creative material is prohibited by this license,
and require a commercial license that can be obtained by contacting galdinocartum@gmail.com.

3.) This font file must be kept intact during the download. Under no
circumstances, this font file can be edited, altered or modified
at any time or to any extent. This even prohibits renaming the downloaded file,
as well as the creation of the so-called "new" fonts and / or derived from this font file or any
other possible digital representations. Reverse engineering is definitely forbidden in any way.

4.) Redistribution of this source is permitted only if this warning document is also
as the source file itself, kept intact as is, and offered free of charge,
no fee is applied on the acquisition of this source. If you want to redistribute this source,
contact: galdinocartum@gmail.com

5.) When downloading this font, the user assumes all responsibility and
sole responsibility for the source file and any accompanying files attached.
Galdino Otten is not responsible or liable for any damages, losses or other consequences incurred
as a result of downloading this source, or in any other related or
associated with the download.

** If you are interested in commercial use, you must obtain commercial use rights from this source
(Commercial source end user license) before doing so. To get
a Commercial Source End User License Agreement from this source,
